End Time: 4:20 PM

2.	EPA November 2018 Community Meeting Issues	CM Atkins raised concerns about the clarity of EPA's messaging during the November 2018 Lane Plating Community Meeting. He said the meeting was out of control causing many residents to leave without a good understanding about the project.
3.	Community Advisory Group (CAG)	<p>Meeting attendees agreed to begin Community Advisory Group (CAG) plan after a community meeting is held to clarify misconceptions about Superfund Site Lane Plating and potable water quality. The meeting will be hosted by elected officials in March 2019. Suggested dates: March 7, 14, 21, 28.</p> <p>CM Atkins said his office will take lead in organizing the community meeting.</p> <p>EPA will attend as guest speakers. DWU will be asked to speak at the meeting. Texas Department of Health, TCEQ, and others groups will be invited to attend.</p> <p>The EPA said that when the CAG is established, the process for distributing information will become easier and streamlined.</p>
4.	Environmental Justice Network Tour	CM Atkins mentioned General Russel Honore's two-day Environmental Justice Network Tour. The tour is being held during the week of Feb 14/15 <sup>th</sup> for environmental advocacy groups. It is not a City lead tour, but DEQS agreed to send staff members to take notes and answer questions. CM Atkins said he might attend the Public Speaking portion held at the Holy Cross Catholic Church, 5004 Bonnie View Road, 75241
5.	Teleconference prior to Community Meeting	Paul White suggested a short meeting (or teleconference) with the EPA prior to the March 2019 Community Meeting to cover meeting details.
6.	EPA	Kenneth Shewmake said because of the government shutdown, additional Lane Plating environmental sampling was delayed and would likely occur in April 2019.

Next meeting: TBD (Dependent on confirmation of March Community Meeting Date)
